Dear Editor of Archives of Clinical Infectious Diseases

The manuscript of the article entitled "Designing and development of simultaneous detection of Neisseria Meningitis and streptococcus pneumonia based on EvaGreen Real-time PCR" was reviewed. The manuscript of the article is well written and the text of the manuscript is appropriate. Thus, due to its scientific importance, it is acceptable for publication in the journal. However, there are some minor grammatical and typographical mistakes that need to be corrected before the article is published.
Kind Regards
