Retraction Note

The Editor-in-Chief has issued a Retraction Notice for the article titled "Congenital Left Atrial Appendage Aneurysm: A Case Report", published in the Int Cardio Res J. (Vol. 16, Issue 1, ID: e123932), due to irrelevant references and lack of authorship consent from one of the authors (email sent on 31 May 2022 by Ashkan Abdollahi, ticket #497091). Following the receipt of this message from the author, we conducted an investigation and collected details of explanations from all parties. After careful review, we have decided to retract this article and remove the author's name (Ashkan Abdollahi) from the list of authors, as per the author's own request.

We apologize to our readers for any inconvenience caused by this retraction. The authors have already been informed of this decision. We also thank the author for bringing this matter to our attention.
