

Supplementary File:

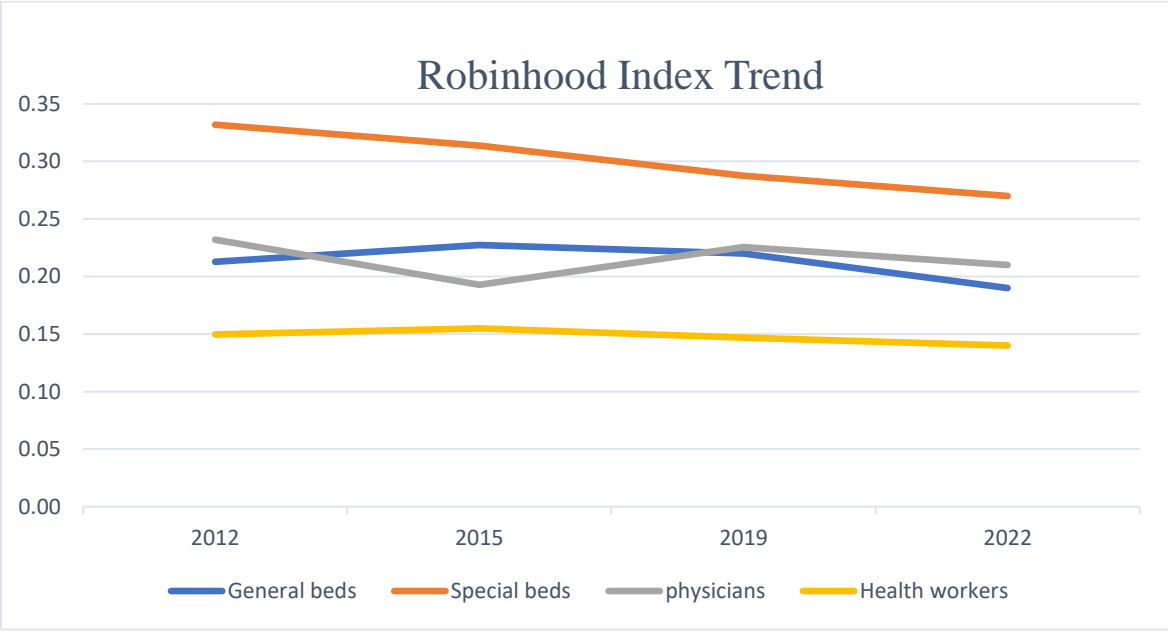

Appendix 1: Gini coefficient of studied health resources at the population level

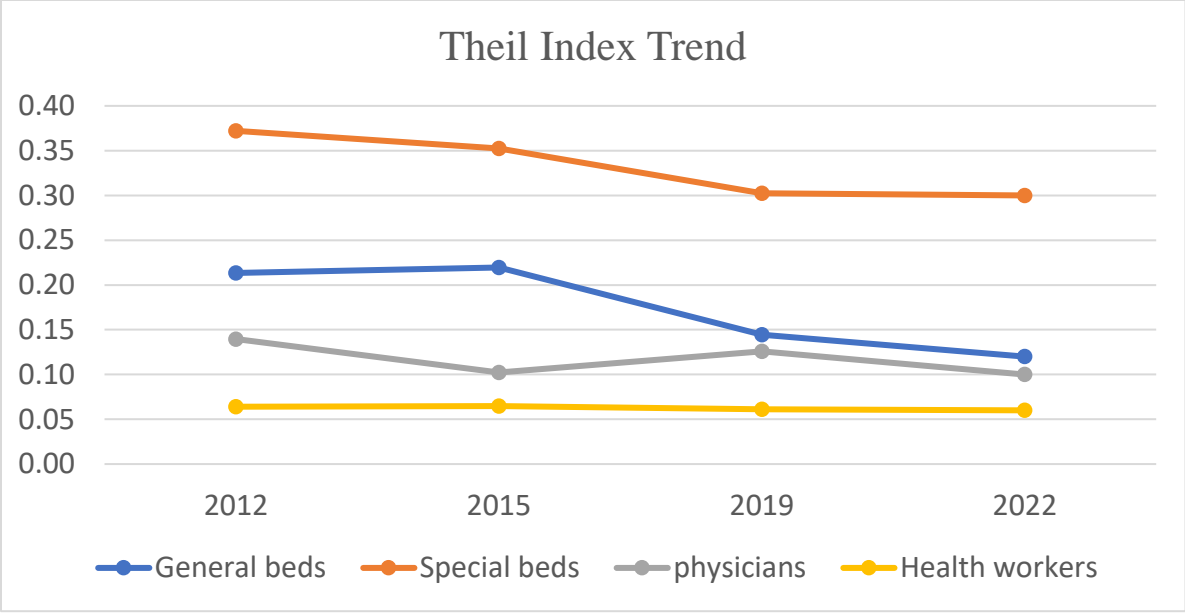

Appendix 2: Concentration Index of studied health resources at the population level

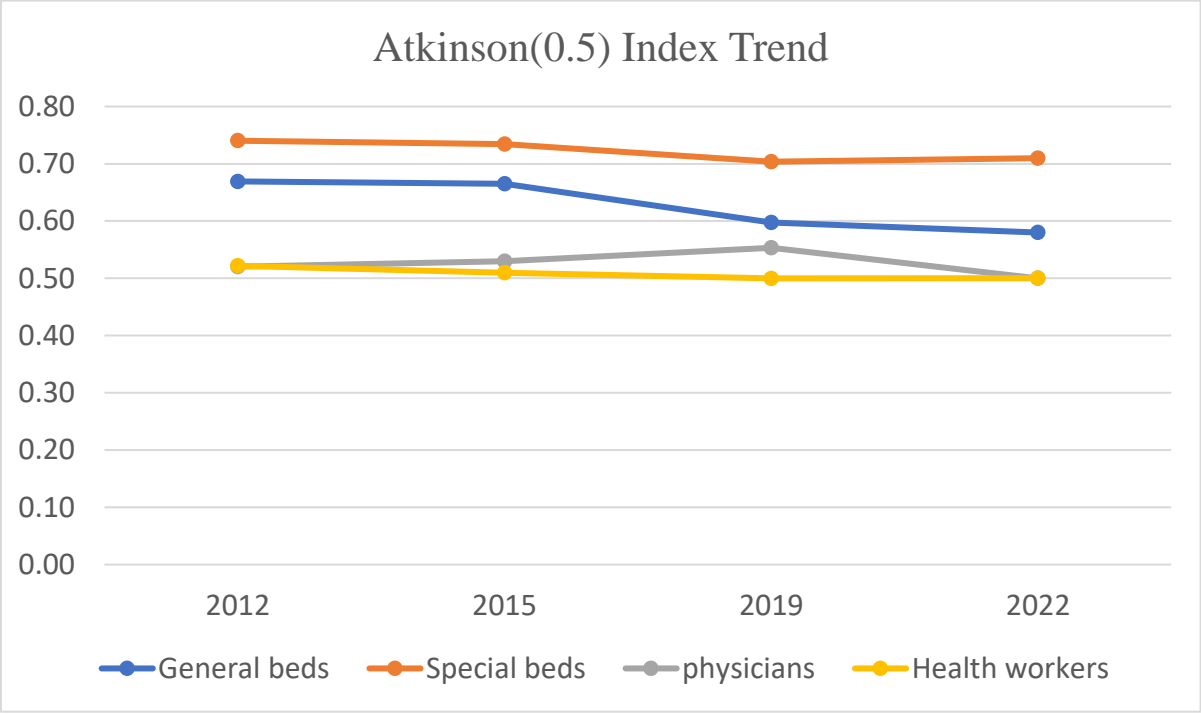

Appendix 3: Horizontal inequity of studied health at the population level

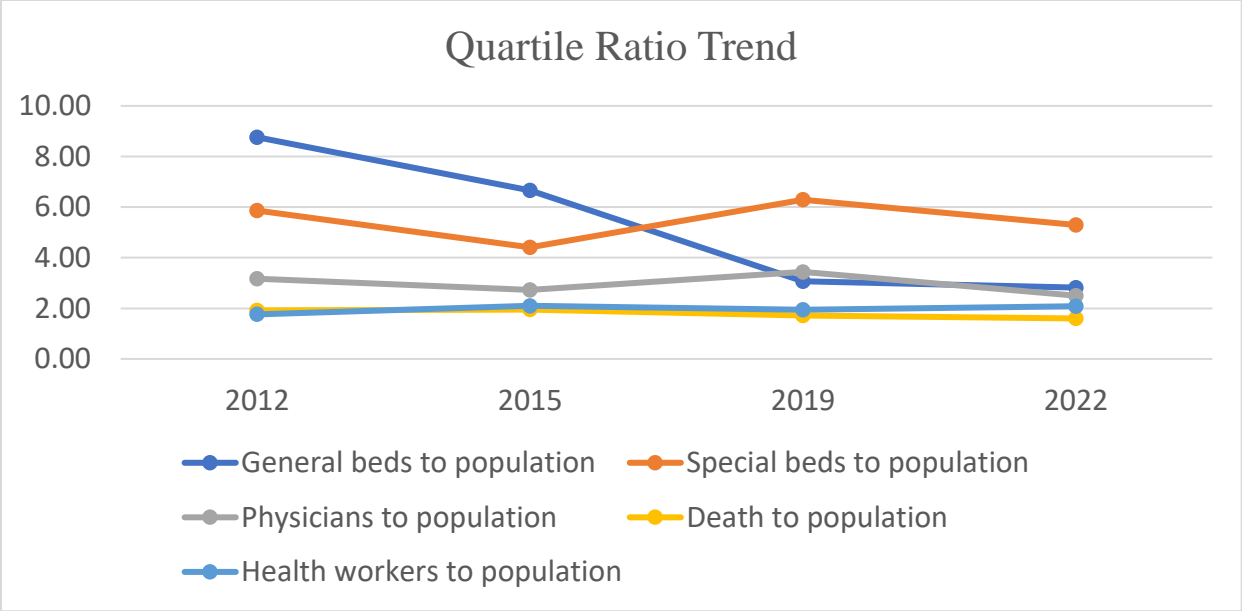

Appendix 4: Robin Hood Index of studied health resources at the population level

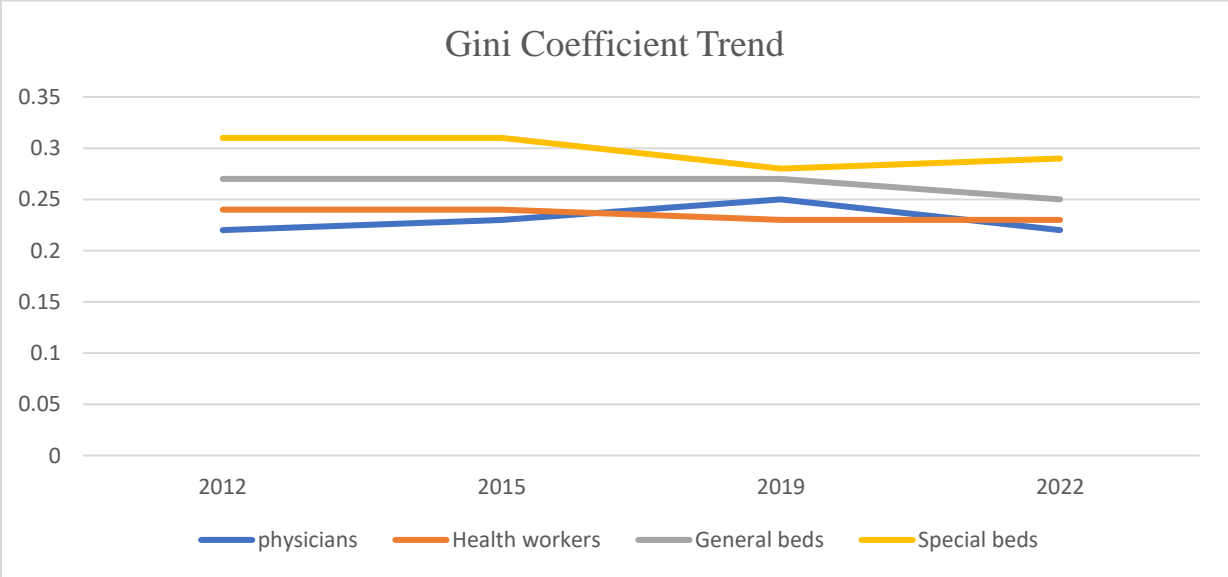

Appendix 5: Theil Index of studied health at the population level

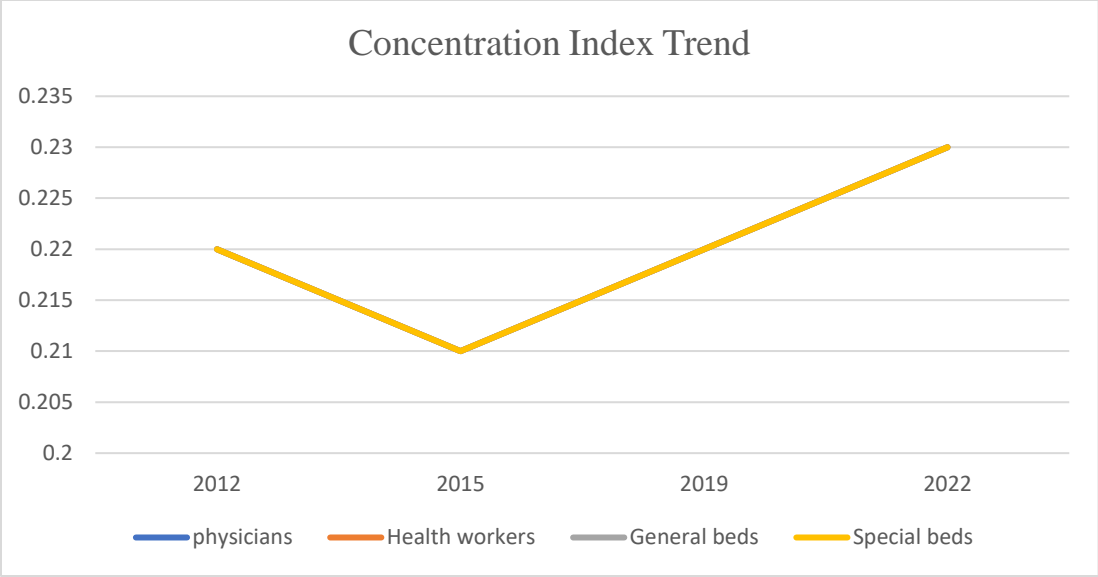

Appendix 6: Atkinson Index of studied health resources including at the population level

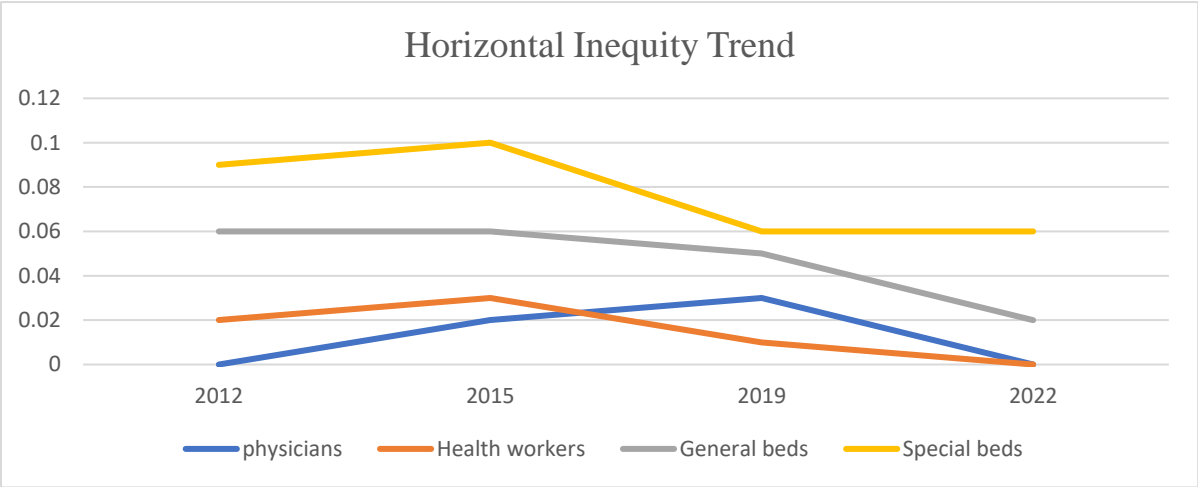

Appendix 7: Quartile ratio of studied health resources at the population level.

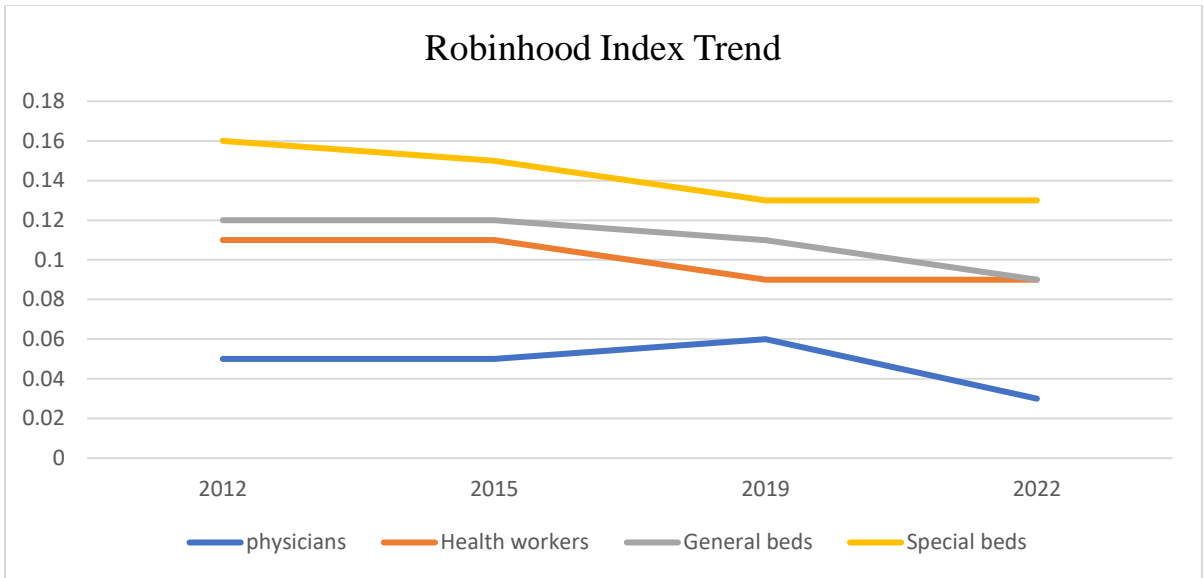

Appendix 8: Gini coefficient of studied health resources at the PRAM

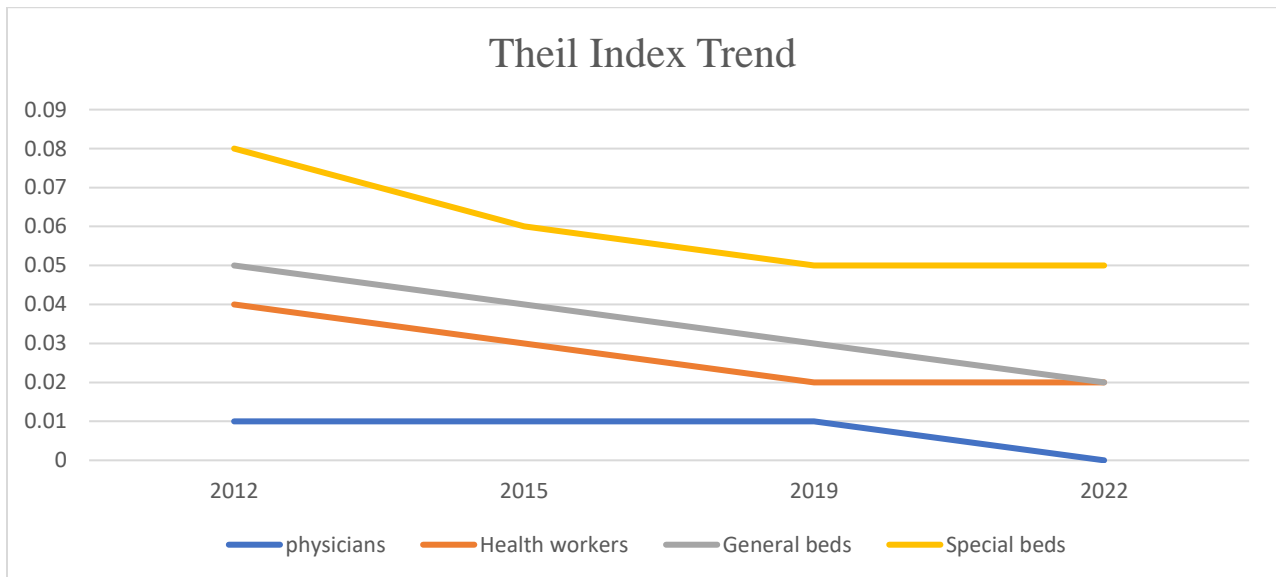

Appendix 9: Concentration Index of studied health resources at the PRAM

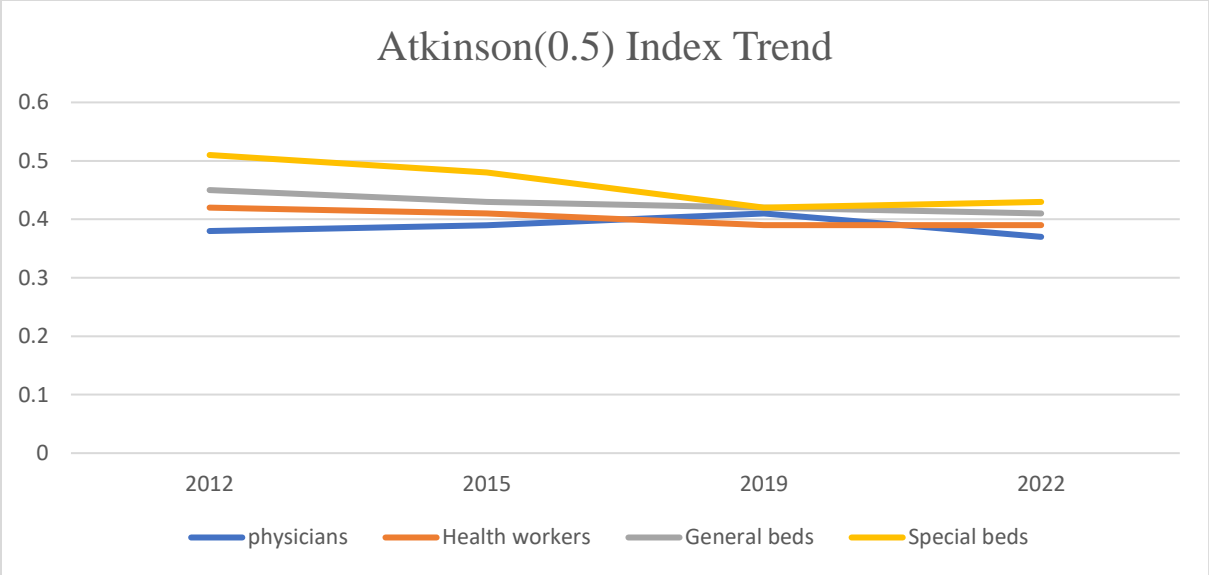

Appendix 10: Horizontal inequity of studied health at the PRAM

Appendix 11: Robin Hood Index of studied health resources at the PRAM

Appendix 12: Theil Index of studied health resources at the PRAM

Appendix 13: Atkinson (0.5) Index of studied health resources at the PRAM
