

Appendix 1.

No.	Article	Year	Journal
1	Global Interprofessional Therapeutic Communication Scale© Short Form (GITCS©): Feasibility Testing in Canada	2022	Clinical Simulation In Nursing
2	Testing the Validity and Reliability of the Adapted Health Communication Assessment Tool©	2021	Clinical Simulation In Nursing
3	An International Multicenter Mental Health Standardized Patient Simulation on Nursing Students' Beliefs Toward Mental Health Conditions	2022	Clinical Simulation In Nursing
4	Unexpected Death of a Mannequin: A Mixed Methods Pilot Study on Relationships of Stress, Anxiety, and Resilience on Learning Outcomes	2022	Clinical Simulation In Nursing
5	The Acquired Critical Thinking Skills, Satisfaction, and Self Confidence of Nursing Students and Staff Nurses through High-fidelity Simulation Experience	2022	Clinical Simulation In Nursing
6	Comparing the Stress, Anxiety, and Learning Effects of Leaders and Team Members in High Fidelity Nursing Simulation	2022	Clinical Simulation In Nursing
7	The evaluation of the reliability and validity properties of the Greek version of the xerostomia questionnaire (XQ)	2021	European Journal of Oncology Nursing
8	A pilot randomized controlled study of the effects of an educational training program on skin reactions induced by chemotherapy, Epidermal Growth Factor Inhibitor (EGFRI) treatments, and immunotherapy	2022	European Journal of Oncology Nursing
9	The relationship between safety climate and nurses' safe handling of chemotherapy: A partial least squares structural equation modeling analysis	2022	European Journal of Oncology Nursing
10	Stigmatization, discrimination and illness perception among oncology patients: A cross-sectional and correlational study	2021	European Journal of Oncology Nursing
11	Illness perceptions and adherence to breast cancer-related lymphedema risk management behaviours among breast cancer survivors	2022	European Journal of Oncology Nursing
12	Categorizing fear of falling using the survey of activities and fear of falling in the elderly questionnaire in a cohort of hospitalized older adults: A cross-sectional design	2022	International Journal of Nursing Studies

13	Factors supporting career pathway development amongst advanced practice nurses in Thailand: A cross-sectional survey	2021	International Journal of Nursing Studies
14	Correlates of career satisfaction in internationally educated nurses: A cross-sectional survey-based study	2021	International Journal of Nursing Studies
15	The effect of self-scheduling on organizational justice and work attitudes through leader-member exchange: A cross-sectional study using propensity scores	2021	International Journal of Nursing Studies
16	The effect of psychological meaningfulness and perceived organisational support on the relationship between nursing workload and job satisfaction: A prospective, cross-sectional investigation	2022	International Journal of Nursing Studies
17	Depression in healthcare workers: Results from the nationwide AMADEUS survey	2022	International Journal of Nursing Studies
18	Psychometric Testing of the Self-care of Hypertension Inventory Version 3.0	2021	The Journal of Cardiovascular Nursing
19	Psychometric Evaluation of the Chinese Version of Hypertension Self-care Profile	2021	The Journal of Cardiovascular Nursing
20	The Influence of Preoperative Anxiety, Optimism, and Pain Catastrophizing on Acute Postoperative Pain in Patients Undergoing Cardiac Surgery: A Cross-sectional Study	2021	The Journal of Cardiovascular Nursing
21	The Influence of Preparedness, Mutuality, and Self-efficacy on Home Care Workers' Contribution to Self-care in Heart Failure: A Structural Equation Modeling Analysis	2022	The Journal of Cardiovascular Nursing
22	Development and Validation of a Scale to Measure Self-efficacy and Self-management in People With Coronary Heart Disease	2022	The Journal of Cardiovascular Nursing
23	The mediating effect of academic engagement between psychological capital and academic burnout among nursing students during the COVID-19 pandemic: A cross-sectional study	2021	Nurse Education Today
24	Emotional intelligence, resilience and personality traits neuroticism and extraversion: predictive capacity in perceived academic efficacy	2022	Nurse Education Today
25	Are nurses innovative or ambidextrous leaders? An evaluation from the perspective of prospective nurses: A structural equation modeling-multiple group analysis	2022	Nurse Education Today

26	Associations between knowledge level and attitudes towards cyber-dating abuse and dating violence in nursing students	2022	Nurse Education Today
27	The effect of decorative arts course on nursing students' creativity and critical thinking dispositions	2022	Nurse Education Today
28	The relationship between intercultural effectiveness and intercultural awareness and xenophobia among undergraduate nursing and vocational schools of health services students: A descriptive study	2021	Nurse Education Today
29	Home therapies to improve disability, activity, and quality of life in military personnel with subacute low back pain: Secondary outcome analysis of a randomized controlled trial	2022	Nursing Outlook
30	Associations between COVID-19 perceptions, anxiety, and depressive symptoms among adults living in the United States	2021	Nursing Outlook
31	Childhood trauma differentially impacts depression and stress associations with reintegration challenges among post-9/11 U.S. veterans	2021	Nursing Outlook
32	The effects of race and workplace racism on nurses' intent to leave the job: The mediating roles of job dissatisfaction and emotional distress	2022	Nursing Outlook
33	Examining the relationship between solution-focused thinking skills and self-efficacy levels of nursing students in Turkey	2021	Journal of Professional Nursing
34	Relationships among stress, resilience, and incivility in undergraduate nursing students and faculty during the COVID-19 pandemic: Policy implications for nurse leaders	2021	Journal of Professional Nursing
35	Career maturity, psychological resilience, and professional self-concept of nursing students in China: A nationwide cross-sectional study	2022	Journal of Professional Nursing
36	The mediating effect of psychological resilience on empathy and professional identity of Chinese nursing students: A structural equation model analysis	2022	Journal of Professional Nursing
37	Commitment, job satisfaction and personality: A cross sectional study of generational cohorts in nursing students	2022	Journal of Professional Nursing

38	Compassion fatigue, compassion satisfaction, and burnout: A study of nurses in a large Texas health-care system	2022	Journal of Nursing Scholarship
39	Relationship between occupational stress, sleep disturbance, and presenteeism of shiftwork nurses	2022	Journal of Nursing Scholarship
40	Investigating predictors of self-care behavior among homebound older adults: The role of self-efficacy, eHealth literacy, and perceived social support	2022	Journal of Nursing Scholarship
41	The Relationship Between Emotional Intelligence and Nurse–Nurse Collaboration	2021	Journal of Nursing Scholarship
42	Job Stress, Psychological Capital, Perceived Social Support, and Occupational Burnout Among Hospital Nurses	2021	Journal of Nursing Scholarship
