About this report

This open peer review (OPR) report shows the public comments made on this article during peer review, by the reviewers, the associate editor and the editor-in-chief, for every revision round, together with the authors' replies. Comments appear only with the consent of the people who wrote them. Reviewers who chose to sign their report are named; the others are shown as "Referee". Comments are edited for language only, and confidential remarks to the editors are not included.

AUTHORS' RESPONSE TO REVIEWERS

Authors' reply to reviewers

The next pages contain the authors' point-by-point reply to the comments of this revision round, as submitted with the revised manuscript. It is published as the authors wrote it.

Dear Dr. Mansour Rezaei **Editor-in-Chief** of journal of Educational Research in Medical Sciences and fellow reviewers.

Our research team would like to express our gratitude for the time spent reviewing our edited manuscript and providing thoughtful comments and recommendations. We are delighted by your positive reviews and invitation to resubmit with revisions. Once again, we believe that our updated document has been strengthened by the editorial feedback. Below we have pasted reviewers' original comments and specified our responses to each, providing rationale and specific text edits as appropriate. We have also highlighted and underlined the edited passages. We look forward to your review and the eventual publication of our manuscript in Educational Research in Medical Sciences.

Reviewer 2:
