About this report

This open peer review (OPR) report shows the public comments made on this article during peer review, by the reviewers, the associate editor and the editor-in-chief, for every revision round, together with the authors' replies. Comments appear only with the consent of the people who wrote them. Reviewers who chose to sign their report are named; the others are shown as "Referee". Comments are edited for language only, and confidential remarks to the editors are not included.

Dear Authors,

The reviewers' reports on your manuscript have arrived, and it seems you have addressed all the issues in the resubmitted manuscript. Therefore, I am glad to inform you that your manuscript has been accepted for publication in its current form. We will transfer your paper to the publisher for further processing. You will shortly receive the galley proof of your manuscript.

Kind regards,
