About this report

This open peer review (OPR) report shows the public comments made on this article during peer review, by the reviewers, the associate editor and the editor-in-chief, for every revision round, together with the authors' replies. Comments appear only with the consent of the people who wrote them. Reviewers who chose to sign their report are named; the others are shown as "Referee". Comments are edited for language only, and confidential remarks to the editors are not included.

MAJOR REVISION 14 Dec 2023

Hypertension is an important topic in pregnancy, and it is valuable that this study addresses a type of training for its early management. However, it needs some more explanations and corrections, as well as revision by a native English speaker.
