Details of the knowledge section of KAP questionnaire

Compartment	Item	Questions
Knowledge	Basic understanding of PCOS	What is PCOS? What are the common symptoms of PCOS? How is PCOS diagnosed?
	Causes and risk factors of PCOS	What are the potential causes of PCOS? Which hormonal imbalances are associated with PCOS? What are the risk factors for developing PCOS?
	PCOS symptoms and presentation	What are the common physical symptoms of PCOS [e.g., irregular periods, acne, weight gain, hair growth]? How does PCOS affect menstruation? How does PCOS affect fertility?
	Long-term health risks of PCOS	What are the long-term health risks associated with PCOS [e.g., diabetes, cardiovascular disease, endometrial cancer]? How does PCOS affect mental health [e.g., anxiety, depression]?
	Treatment and management of PCOS	What are common treatments for PCOS [e.g., hormonal birth control, lifestyle changes, medications]? What dietary and exercise modifications are recommended for managing PCOS? How can insulin resistance related to PCOS be managed?
	Fertility and reproductive health	How does PCOS affect fertility and pregnancy? What fertility treatments are available for women with PCOS?
	Lifestyle and self-care	What lifestyle changes can help manage PCOS symptoms? How important is regular physical activity in managing PCOS? How does weight management impact PCOS?
Attitude	Importance of daily life impact	How does having PCOS affect your daily life?
	Concerns, Emotional or psychological challenges	What concerns do you have related to your PCOS diagnosis? (e.g., "Fertility issues," "Weight management," "Mental health," etc.). How confident are you in managing your PCOS symptoms? How satisfied are you with the medical care and support you receive for PCOS? Do you feel that PCOS affects your mental health? (Yes/No, with a follow-up question if yes: "How does it affect you?").

	Self-management	What lifestyle changes have you made to manage your PCOS? (e.g., "Diet changes," "Exercise," "Medication," etc.)
	Confidence and satisfaction	How does PCOS influence your self-esteem and body image? What additional support do you wish you had in managing your PCOS? (e.g., "Support groups," "Better healthcare access," etc.)
Practice	Health-related behaviors	How often do you track your menstrual cycle? How frequently do you consult with a healthcare professional about your PCOS?
	Diet and lifestyle	How often do you engage in physical activity specifically to manage PCOS symptoms? Have you made any changes to your diet since being diagnosed with PCOS? How often do you consume foods high in sugar or refined carbs? Do you follow any specific diets (e.g., low carb, anti-inflammatory) to manage PCOS? If yes, how strictly do you follow it?
	Self-care	How regularly do you monitor and manage weight or other physical symptoms related to PCOS? How often do you practice self-care activities (e.g., relaxation, mindfulness) to reduce stress related to PCOS?
	Symptom management	How consistent are you in taking prescribed medications or supplements for PCOS?
	Treatment adherence	Have you ever stopped or adjusted your medication or treatment without consulting your doctor? If yes, why?
	Psychological behaviors	How often do you experience mood swings, anxiety, or depression, and how do you cope with these feelings? Do you engage in any relaxation techniques (e.g., meditation, yoga) to manage stress related to PCOS? Yes/No,
