About this report

This open peer review (OPR) report shows the public comments made on this article during peer review, by the reviewers, the associate editor and the editor-in-chief, for every revision round, together with the authors' replies. Comments appear only with the consent of the people who wrote them. Reviewers who chose to sign their report are named; the others are shown as "Referee". Comments are edited for language only, and confidential remarks to the editors are not included.

ACCEPT 10 Jul 2023

Congratulations on doing this valuable research.

Please explain the reason for using female mice in this research.

Editor-in-Chief

ACCEPT 25 Jul 2023

Dear Author

Thank you very much for considering this journal for publication of your paper. I'm pleased to confirm that your manuscript has been accepted for publication in Thrita.
Regards
