About this report

This open peer review (OPR) report shows the public comments made on this article during peer review, by the reviewers, the associate editor and the editor-in-chief, for every revision round, together with the authors' replies. Comments appear only with the consent of the people who wrote them. Reviewers who chose to sign their report are named; the others are shown as "Referee". Comments are edited for language only, and confidential remarks to the editors are not included.

AUTHORS' RESPONSE TO REVIEWERS

Authors' reply to reviewers

The next pages contain the authors' point-by-point reply to the comments of this revision round, as submitted with the revised manuscript. It is published as the authors wrote it.

Reply to Reviewer

Dear Reviewer,

Thank you very much for your valuable comments and suggestions. All the issues you pointed out have been carefully addressed. The revisions include modifications to the figures, the abstract, the introduction, and several figure captions.

We hope the revised manuscript meets your expectations, and we sincerely appreciate your time and effort in reviewing our work.

Kind regards,
Mona Farhadi

On behalf of all authors

Farideh Ghasemi
